

**Dane County Comprehensive Plan  
Housing and Economic Development Work Group**

**Tabled Policies  
05/12/2006**

**9. Promote and enhance community identity and create a sense of place**

Seek the preparation and adoption of detailed neighborhood plans for all developing areas before extending public infrastructure or granting development approvals. We could ask but “all developing areas” are under no legal obligation

**10. Develop a system to regularly monitor, evaluate and report on the performance of the **add: housing portion of the** comprehensive plan, as well as to make improvements to the Dane County Comprehensive Plan**

a) Identify a group of individuals and stakeholders, and/or a committee of the County Board, to identify resources and oversee the implementation of these recommendations

**OTHER**

Decide what a desirable total population of Dane County would be **change to: DELETE**

Examine Com 83 (Septic Siting Rules) and its impacts on the development of condominiums and/or small multi-family structures in rural areas **change to: DELETE**

Study Com 83 to determine if safe and effective methods of private onsite wastewater treatment system (POWTS) can enable multi-family structures, and/or the development of condominiums in

Implement a low-and moderate-income homebuyer program that does not require the buyer to have lender approval **change to: DELETE**
