Permit Number: _____

Date: _____

Project Name: _____

Applicant			
Plan Requirement	I	NA	Location in Plan - page number
1. Detailed written description of how the site will be developed (narrative including scope of land disturbing activities and sequence of construction events)			
2. * Plan drawing of site (of known scale and including: property lines, lot dimensions, limits of disturbed area, limits of impervious area, land cover type, natural and artificial water features, delineated wetland boundaries, location of all proposed erosion control practices)			
3. * Direction of runoff flow (elevation contour lines or runoff arrows)			
4. Size of area that drains onto site (contributing drainage area)			
5. Provisions to prevent mud-tracking onto public thoroughfares during construction (i.e. tracking pad or existing gravel drive)			
6. Provisions to prevent the delivery of sediment to stormwater conveyance system (i.e. inlet protection or stone weeper)			
7. Proposed Erosion Control Practices (list of erosion control practices)			
8. * Proposed Start Date (date for installation of all erosion control practices and start of excavation)			
9. Proposed Stabilization Date (date for placement of seed & mulch, sod or permanent surfacing.)			
10. Culvert sizes (existing and proposed culverts on or adjacent to the site)			
11. Any other information necessary to reasonably determine the location, nature and condition of any physical or environmental features of the site.			

Any proposed changes to the erosion control plan must be submitted and approved prior to implementation.

Indicates information must always be included

*Information to address the items above is available on the following Dane County websites:
