ADDENDUM # 6

DATE: November 29, 2010
TO: All Prospective Proposers
SUBJECT: **Request for Proposal (RFP) #110100 Interoperable Voice Radio
Communication System**

The following addendum becomes a part of the above referenced RFP. All other terms and conditions remain in effect, unchanged.

A. Changes to Specifications: The following specification has been changed as follows:

- Subsequent to the change made to Section 3.4.5 in Addendum #5, the second bullet of the second paragraph of Section 6.1.3 (previously changed per Addendum #3) shall be changed to read as follows:
 - “Of the 40 cost criteria points available, 20 will be assigned to the initial capital costs, 14 will be assigned to the capitalized cost of years 0 - 5 of operations/maintenance, and 6 will be assigned to the capitalized cost of the years 6 – 10 of operations/maintenance.”

B. Clarification:

- Section 5.2.3 lists an expectation “... that City of Madison trunked talkgroups MPD A01, MPD A03 and MFD A01 will be carried full time on the VHF trunking subsystem.” The County wishes to clarify that it is expected that typical operations will allow users of the VHF trunking subsystem to monitor these City of Madison trunked talkgroups but that, unless specifically authorized by a system administrator, they will not be able to transmit on them.

Please acknowledge receipt of addendum(s) on the bottom of the Signature Affidavit when you submit your proposal.

If you have any questions regarding this addendum, please contact me at (608) 267-3523.
